Together, we create life-changing wishes for children with critical illnesses.

Make-A-Wish® is a nonprofit organization that creates life-changing wishes for children, aged 2½ to 18, with critical illnesses. In granting a child's wish, Make-A-Wish provides children and their families the chance to forget about the pain and fear caused by an illness, and instead focus on the joy and hope of a wish. The entire family is invited to be part of the wish experience, knowing that parents and siblings need joy and inspiration just as much as the wish child. In fact, many children and their families describe the wish experience as a turning point in their fight against a critical illness.
